Dear Sangha (Community), friends and family of Hartford Street Zen Center,

We wanted to reach out with wonderful news to all our friends far and wide to announce that an Abbot has ascended the Mountain today as of 4pm Pacific Time.

After over a decade, our small temple with a strong close interconnected Sangha whole-heartedly and with great joy invited Reverend Myo Lahey (who has been an excellent Practice Leader for us) to take the role of Abbot of our small, authentic, dedicated and loving Soto Zen Temple in the heart of the Castro, San Francisco, California.

Please drop by in the weeks ahead to congratulate Myo and us all in this mutual celebration for all of Hartford Street ZC and if you're not near us, send him a note in email, comment on our facebook page and drop in and join us when you can!

Earnestly Strive to avoid seeking outside, lest you go far astray. I travel on alone now, but everywhere I go, I meet it. It is now no other than me, but I am not it. Understand in this way to merge with true suchness. - Dongshan
